

## Financial Analyst DACH (f/m/d)

*SIGFOX is the leading provider of global, energy and price efficient wireless connections for internet of things (IoT) and has been operating in the market since 2010. Our clients are active in all industry and IT areas.*

*For our young and fast-growing company we are looking for a Financial Analyst (m/f) responsible for the region of DACH and Slovenia. Reporting directly to the Managing Director of Sigfox Germany, you will work on:*

- *Analysis and development of financial scenarios for the Management and Board*
- *Preparation of Board Meetings with the Managing Directors and CFO*
- *Assisting or leading ad hoc projects*
- *Supporting the month-end close, preparation of schedules, reconciliations and submission of the group reports timely*
- *Providing Cash-Flow analysis and planning*
- *Assisting in statutory matters including liaison with internal and external auditors and legal advisors*
- *Participating in accounting system migration as well as in process improvement and implement more efficient accounting procedures and internal controls*
- *Analysing business and investment opportunities for further expansion*
- *Taking care of our group governance and ESG procedures.*

## Your Profile

- *Fluent in German and proficiency in Business English*
- *Degree in Accountancy/ Business Economics*
- *Practiced in Microsoft Excel and PowerPoint*
- *Familiar with German GAAP and good local corporate tax knowledge*
- *IFRS knowledge desirable*
- *3 - 4 years of experience participating in the monthly closing and HQ reporting*
- *experience in system migration would be useful*
- *Independent and hands on*
- *Attentive to details and accuracy, with inquiring mind-set*
- *Good planning and organizing skills, and able to multi tasks*

*This is a well-rounded Financial Analysts role which will prepare you well in your career development plan to eventually manage full spectrum accounting and finance function regionally.*
